# Soda Water Maker

New ways to drink healthy water

Minimalism

Precision craftsmanship

Strong bubbles

No electricity required

Green environment protection

# Soda Maker

Making soda water.

Easy operation, make fresh soda water with just a pressing of a button.

Energy efficient, powered by CO2 cylinder. Each cylinder carbonates up to 60L water.

Powered by CO2 cylinder, no electricity or battery required.

1 Liter reusable carbonating bottle, BPA-free. Get creative, drink healthier, and have fun with this machine.

# Portable ice machine

Your ice expert

Rapid ice making

Water shortage reminder

One-click ice making

Bullet shape ice

Intelligent temperature control

Full ice reminder

Automatic cleaning

# Ice Maker

Making ice  
 Small ice 22\*25mm; Large ice 25\*30mm  
 Make 9pcs bullet shape ice in 6-8mins each circle, 15kg/24hrs  
 Eco friendly Refrigerant R600a  
 SN, N, ST,T Climate Type  
 Noises≤40dB  
 3 years lifetime  
 2.2 Water Tank, 0.8kg Ice Basket  
 Push-button control panel, quick ice making process.  
 Intelligent Indicators, full ice indicator light, water shortage indicator light.  
 Transparent window, visible working process.  
 Stainless steel durable body; Simple wipe and clean easily;

AC 220-240V 50-60Hz 105W (CE/CB)  
 AC 120v 60Hz 1.7A (MET)

## Hand Mixer Series

# Hand Mixer

First choice to be a baking lover

Pure copper motor

Rapid stirring

Rapid heat dissipation

5 speed control

With turbo function

Mini & excellence

# Hand Mixer

Turbo Beater

Dough Hook

Egg Whisk

Mixing, flour kneading, egg whisking

5 speeds, sliding switch

Strong pure copper motor for better and faster mixing

Noise less than 80dB

Run 3mins need to stop 10mins for a second use

3 years lifetime

With standard accessories of 2 Turbo Beaters, 2 Dough Hooks

Optional accessories of 1 Egg Whisk

AC 220-240V 50-60Hz 300W (CCC)

AC 220-240V 50-60Hz 250W (CE/CB)

AC 120V 60Hz 150W (MET)

# Hand Mixer

Mixing, flour kneading, egg whisking

5 speeds, sliding switch

Strong pure copper motor for better and faster mixing

Noise less than 80dB

Run 3mins need to stop 10mins for a second use

3 years lifetime

With standard accessories of 2 Turbo Beaters, 2 Dough Hooks

Optional accessories of 1 Egg Whisk

AC 220-240V 50-60Hz 300W (CCC)

AC 220-240V 50-60Hz 250W (CE/CB)

AC 120V 60Hz 150W (MET)

With standard accessories of 2 Turbo Beaters, 2 Dough Hooks

Optional accessories of 1 Egg Whisk

AC 220-240V 50-60Hz 400W (CCC)

AC 220-240V 50-60Hz 350W (CE/CB)

AC 120V 60Hz 150W (MET)

Turbo Beater

Dough Hook

Egg Whisk

## Stick Blender Series

Optional accessory

0.5L Chopping Assembly

0.6L Mixing Cup

Egg Whisk

# Stick Blender

Mixing, chopping, beating eggs, mincing meat

2 speeds Noise less than 75dB

3 years lifetime

With standard accessory of blending rod

Optional accessories of 0.6L mixing cup, egg whisk,

0.5L chopping assembly

Patented stirring rod to avoid splash, long lifetime.

Copper DC motor, durable and strong.

Stainless steel blades and rod, use with safety.

Detachable accessories, easy to clean and store.

AC 220-240V 50-60Hz 800W (CCC/CE)

AC 220-240V 50-60Hz 600W (CB)

AC 120V 60Hz 450W (MET)

Optional accessory

0.5L Chopping Assembly    0.6L Mixing Cup    Egg Whisk

## Juicer Series

# Juicer

Juicing  
 2 speeds, low speed for soft fruit and vegetables, high speed for the harder  
 Ø84mm Feeding Tube size, large juice cup  
 Noise less than 80dB  
 3 years lifetime  
 Extra large feeding tube, easily feed in with the whole apple.  
 Strong pure copper motor, finish juicing in seconds.  
 Double protections, only both the buckle and switch are in place, the machine will work.

AC 220-240V 50-60Hz 1400W (CCC/CE)  
 AC 220-240V 50-60Hz 800W (CB)  
 AC 120V 60Hz 500W (ETL)

# Table Blender

# Table Blender

Juice, milkshake, soup blending

2 speeds+Pulse, Noise less than 82dB

3 years lifetime

1.6L square glass jar, high efficiency to bring fresh taste.

Pure copper motor, durable and strong.

Stainless steel 6-leaf blade to provide healthy, smooth and fresh taste.

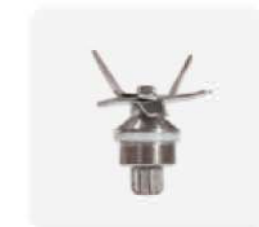

Integrated blade assembly. The blade base, shaft and bearing stamping together, chop hard substances easily.

Tight-seal, splash-proof lid.

AC 220-240V 50-60Hz 1000W/1200W (CCC/CE)

AC 220-240V 50-60Hz 800W (CB)

AC 120V 60Hz 750W (ETL)

Metal Connector

6-leaf Blades

**Table Blender series**

# Table Blender

Juice, smoothie, milkshake, fruit, sauce, soup blending  
 400ml for juicing jar, 200ml for grinding jar  
 Noise less than 78dB  
 3 years lifetime  
 With standard accessory of 400ml Juice Jar  
 Optional accessories : 200ml Grinding Jar, Jar Lid

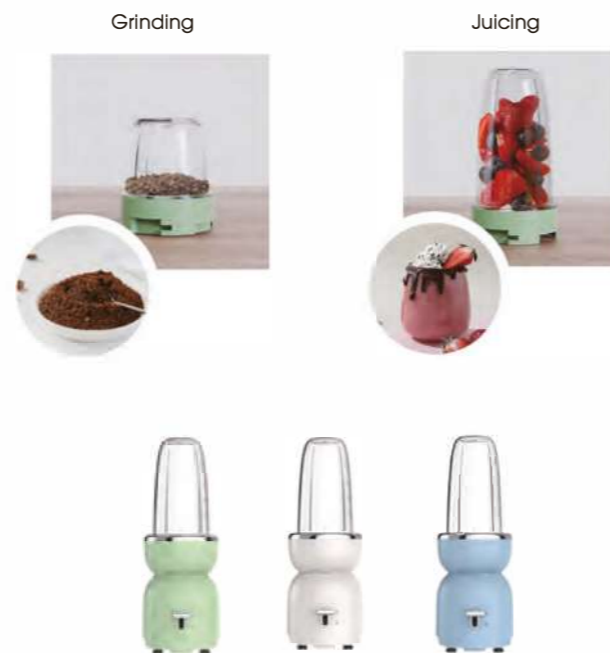

AC 220-240V 50-60Hz 400W (CCC/CE)  
 AC 220-240V 50-60Hz 300W (CB)

 Optional accessories : 200ml Grinding Jar, Jar Lid

AC 220-240V 50-60Hz 400W (CCC/CE)  
 AC 220-240V 50-60Hz 300W (CB)  
 AC 120V 60Hz 250W (ETL)

# Table Blender

Juice, smoothie, milkshake, fruit blending

Noise less than 65dB

500ml Non-detachable high borosilicate glass jar

IPX5 waterproof design, can be rinsed with water

3 years lifetime

One-touch button/One-click button, easy to use

Optional of 800ml high borosilicate glass jar

AC 220-240V 50-60Hz 800W (CCC/CE)

AC 220-240V 50-60Hz 280W (CB)

AC 120V 60Hz 150W (ETL)

# Table Blender

Juice, smoothie, milkshake, fruit blending

Noise less than 65dB

500ml Non-detachable high borosilicate glass jar

IPX5 waterproof design, can be rinsed with water

3 years lifetime

One-touch button/One-click button, easy to use

Optional of 800ml high borosilicate glass jar

AC 220-240V 50-60Hz 800W (CCC/CE)

AC 220-240V 50-60Hz 280W (CB)

AC 120V 60Hz 150W (ETL)

# Portable USB Blender

Smoothie, milkshake, juice, baby food blending.

Noise less than 68dB, 60W

1600mAh powerful battery. 1.5h full charging supports at least 15 times wireless use.

3 years lifetime

DC 7.4V permanent magnet motor and SUS304 blade, get the food ready within 40s.

Safety protection, double click to start, automatically power off once jar and base separated.

400ml food grade Tritan juice cup or 400ml high borosilicate glass without BPA.

With non-slip silicone strap/pad, lightweight and portable.

AC 220-240V 50-60Hz 60W (CE)

# Portable USB Blender

Smoothie, milkshake, juice, baby food blending.

Noise less than 68dB, 60W

1600mAh powerful battery. 1.5h full charging supports at least 15 times wireless use.

3 years lifetime

DC 7.4V permanent magnet motor and SUS304 blade, get the food ready within 40s.

Safety protection, double click to start, automatically power off once jar and base separated.

400ml food grade Tritan juice cup or 400ml high borosilicate glass without BPA.

With non-slip silicone strap/pad, lightweight and portable.

AC 220-240V 50-60Hz 60W (CE)

# Portable USB Blender

Smoothie, milkshake, juice, baby food blending.

Noise less than 68dB, 60W

1600mAh powerful battery. 1.5h full charging supports at least 15 times wireless use.

3 years lifetime

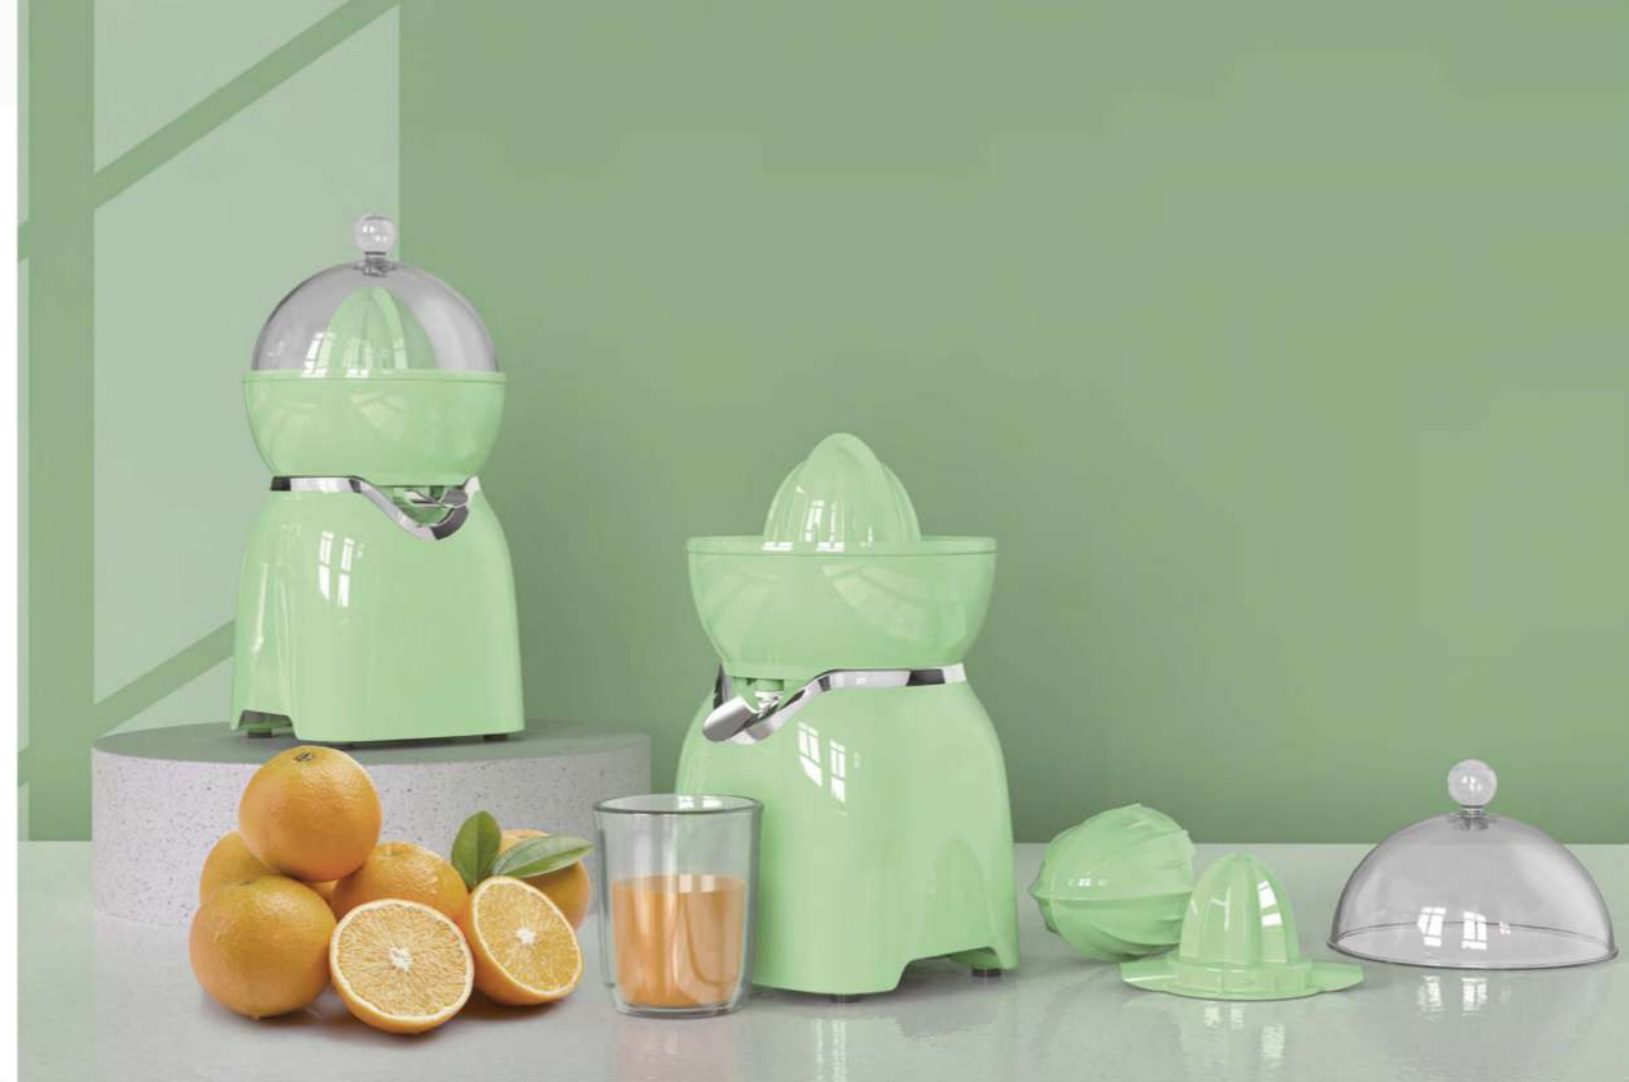

DC 7.4V permanent magnet motor and SUS304 blade, get the food ready within 40s.

Safety protection, double click to start, automatically power off once jar and base separated.

350ml high borosilicate glass without BPA.free.

With non-slip silicone strap/pad, lightweight and portable.

AC 220-240V 50-60Hz 60W (CE)

# Citrus Juicer

Juicing

Noise less than 80dB

200ml juice cup

3 years lifetime

Optional of stronger motor(85W)

Two cones rotate in double roll to squeeze juice from fruit thoroughly.

Two cone sizes to fit large and small citrus, work with all citrus fruits.

All accessories are removable, easy to clean.

Anti-splash outlet to reduce wasting and messing up.

Food-grade plastic PP & AS, BPA-free.

AC 220-240V 50-60Hz 30W/85W (CCC/CE/CB)

AC 120V 60Hz 30W (ETL)

## Chopper Series

# Chopper

Meat/vegetables chopping, food processing  
 2 speeds, Noise less than 78dB  
 3 years lifetime  
 Pure copper motor, durable and strong.  
 Glass jar and stainless steel blade, dishwasher safe.  
 2L large capacity, good for family use.  
 The jar and blade are detachable, easy to clean.  
 With anti-slip silicone mat.

220-240V 50-60Hz 400W(CCC/CE)  
 220-240V 50-60Hz 350W(CB)  
 120V 60Hz 250W(ETL)

# Citrus Juicer

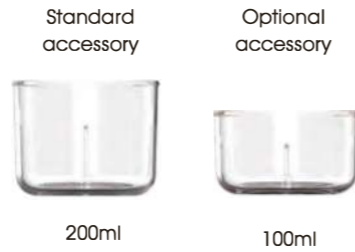

Juicing  
 Noise less than 80dB  
 600ml juice cup  
 3 years lifetime  
 Two cones rotate in double roll to squeeze juice from fruit thoroughly.  
 Two cone sizes to fit large and small citrus, work with all citrus fruits.  
 All accessories are removable, easy to clean.  
 Anti-splash outlet to reduce wasting and messing up.  
 Food-grade plastic PP & AS, BPA-free.

AC 220-240V 50-60Hz 30W (CCC/CE/CB)  
 AC 120V 60Hz 30W (ETL)

# Mini Chopper

Chopping, mincing meat  
 45W, Noise less than 72dB, 1 setting  
 1200mAh 10C lithium battery, 2.5h full charging supports at least 35 times wireless use  
 3 years lifetime  
 With standard accessory of 200ml AS jar  
 Optional accessories of 100ml AS jar, 100/200ml Tritan jar  
 Food grade stainless steel blade, chopping better and faster.  
 The blades designed with 6° inclined angle to chop efficiently.  
 IPX5 waterproof design detachable blades, easy to clean.

## Meat Slicer

# Meat Slicer

Boneless frozen meat/sausage/potato/fruit/bread slicing  
 Adjustable slicing thickness (0-18mm)  
 Foldable design for convenient storage, transportation cost reduced by 70%  
 Noise less than 70dB  
 3 years lifetime  
 Detachable feeding table and cutting plate, easy to clean.  
 Inching and constant working switch, personalize the slicing time.  
 Recessed switch, safe and convenient to use.  
 With overheat protection.  
 Food-grade stainless steel blade.

AC 220-240V 50-60Hz 160W (CCC/CE/CB/S-MARK)  
 AC 120V 60Hz 120W (ETL)

# Mini Electric Food Chopper

-  Stainless steel blade
-  One Button Start
-  IPX5 waterproof design
-  Safe Material
-  Sustained Power
-  Mini Design

# Meat Slicer

- Boneless frozen meat/sausage/potato/fruit/bread slicing
- Adjustable slicing thickness (0-18mm)
- Foldable design for convenient storage, transportation cost reduced by 70%
- Noise less than 70dB
- 3 years lifetime
- Detachable feeding table and cutting plate, easy to clean.
- Inching and constant working switch, personalize the slicing time.
- Recessed switch, safe and convenient to use.
- With overheat protection.
- Food-grade stainless steel blade.

AC 220-240V 50-60Hz 160W (CCC/CE/CB/S-MARK)  
 AC 120V 60Hz 120W (ETL)

# Vacuum Sealer

- Vacuuming and sealing
- DRY/WET/EXTRA WET, three modes
- 6~7L/min vacuum rate, 8~10s sealing time
- 80Kpa vacuum pressure
- 1.5mm\*2 sealing wire width
- Suitable for bags with width less than 30cm
- Noise less than 68dB
- 3 years lifetime
- Optional accessories of External Vacuum Tube, Vacuum Bag, NTC overheating protection.
- Low voltage and double heating wires to ensure sturdy and smooth sealing.
- Wide sealing line, can Vac & Seal several bags at the same time.
- Electrical touching button for easy operation.
- Compact design, smooth surface, easy cleaning.

AC 220-240V 50-60Hz 125W (CCC/CE/CB)  
 AC 120V 60Hz 125W (ETL)

# Food Processor

Supports rough and fine chopping of boneless meat and vegetable

Noise less than 75dB

3000hrs lifetime

4.5L large capacity, super long and continuous working time,

Good for commercial purpose.

Pure copper induction motor (capacitor start mode).

Easy to use, just feed ingredients into the container to get food processed.

Safety protection, both power switch and start switch need to be turned on to activate the processor;

S blade stops running in 2s once the protective lid is opened.

The turntable, S-blade and lid could be easily detached and cleaned.

AC 220-240v 50-60Hz 100W (CCC/CE/CB)

AC 120v 60Hz 80W (ETL)
