Quieter Than Expected

THERMOELECTRIC LOW NOISE WINE COOLER

While Enjoy the pleasure of wine collection
without disturbing the rest of your family

Quiet enough to put it in your bedroom.

No any vibration
Your love of wine can be less disturbed by the outside world

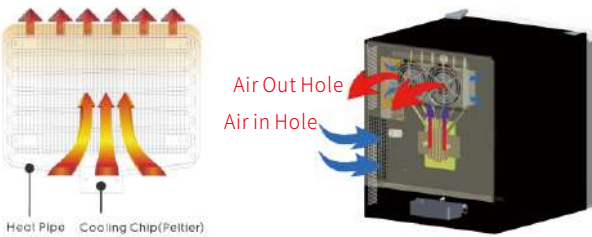

Small body, large capacity
Chip cooling for better space utilisation

Thermoelectric Low Noise Wine Cooler

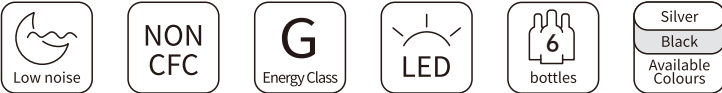

Total net capacity (Liter)			20
Wine storage(Bottle)			6
Temperature			11-18°C
Quantity per Container	20GP	432	
	40GP	891	
	40HQ	1050	
Dimenison	Product (WxDXH)mm	246*500*378	
Weight	Net weight (kgs)	8.3	
	Gross weight(kgs)	9.5	

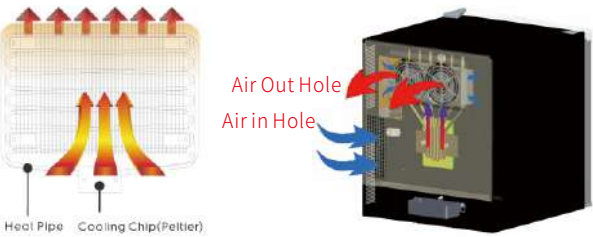

- Unique Thermoelectric Heat-Pipe Technology
- Total No Defrost
- Low Noise
- Stylish Digital LCD Control With Touch Control
- Soft Interior LED Light
- Tempered Glass Door
- Insulated With Dolid CFC-Free Foaming
- No Vibration
- Environmentally Friendly

Thermoelectric Low Noise Wine Cooler

Total net capacity (Liter)			25
Wine storage(Bottle)			8
Temperature			11-18°C
Quantity per Container	20GP	350	
	40GP	721	
	40HQ	824	
Dimenison	Product (WxDXH)mm	260*493*470	
Weight	Net weight (kgs)	9.6	
	Gross weight(kgs)	11.2	

- Unique Thermoelectric Heat-Pipe Technology
- Total No Defrost
- Low Noise
- Stylish Digital LCD Control With Touch Control
- Soft Interior LED Light
- Tempered Glass Door
- Insulated With Dolid CFC-Free Foaming
- No Vibration
- Environmentally Friendly

Thermoelectric Low Noise Wine Cooler

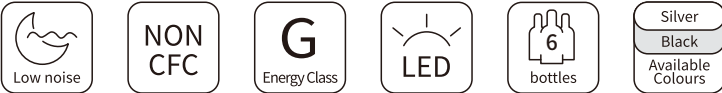

Total net capacity (Liter)			33
Wine storage(Bottle)			12
Temperature			11-18°C
Quantity per Container	20GP	280	
	40GP	576	
	40HQ	718	
Dimenison	Product (WxDXH)mm	345*460*480	
Weight	Net weight (kgs)	13.1	
	Gross weight(kgs)	14.3	

- Unique Thermoelectric Heat-Pipe Technology
- Total No Defrost
- Low Noise
- Stylish Digital LCD Control With Touch Control
- Soft Interior LED Light
- Tempered Glass Door
- Insulated With Dolid CFC-Free Foaming
- No Vibration
- Environmentally Friendly

Thermoelectric Low Noise Wine Cooler

Total net capacity (Liter)			48
Wine storage(Bottle)			16
Temperature			11-18°C
Quantity per Container	20GP	192	
	40GP	384	
	40HQ	480	
Dimenison	Product (WxDXH)mm	430*480*515	
Weight	Net weight (kgs)	15.6	
	Gross weight(kgs)	17.8	

- Unique Thermoelectric Heat-Pipe Technology
- Total No Defrost
- Low Noise
- Stylish Digital LCD Control With Touch Control
- Soft Interior LED Light
- Tempered Glass Door
- Insulated With Dolid CFC-Free Foaming
- No Vibration
- Environmentally Friendly

Thermoelectric Low Noise Wine Cooler

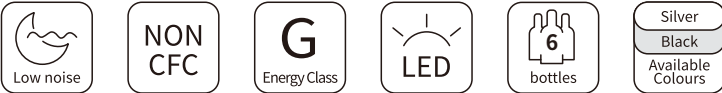

Total net capacity (Liter)		52
Wine storage(Bottle)		18
Temperature		11-18°C
Quantity per Container	20GP	198
	40GP	408
	40HQ	509
Dimenison	Product (WxDXH)mm	345*485*670
Weight	Net weight (kgs)	16.8
	Gross weight(kgs)	18.7

- Unique Thermoelectric Heat-Pipe Technology
- Total No Defrost
- Low Noise
- Stylish Digital LCD Control With Touch Control
- Soft Interior LED Light
- Tempered Glass Door
- Insulated With Dolid CFC-Free Foaming
- No Vibration
- Environmentally Friendly

Thermoelectric Low Noise Wine Cooler

Total net capacity (Liter)		70
Wine storage(Bottle)		28
Temperature		11-18°C
Quantity per Container	20GP	132
	40GP	288
	40HQ	333
Dimenison	Product (WxDXH)mm	450*528*735
Weight	Net weight (kgs)	25.2
	Gross weight(kgs)	27.2

- Unique Thermoelectric Heat-Pipe Technology
- Total No Defrost
- Low Noise
- Stylish Digital LCD Control With Touch Control
- Soft Interior LED Light
- Tempered Glass Door
- Insulated With Dolid CFC-Free Foaming
- No Vibration
- Environmentally Friendly

The Moment When Closing The Door Cellaring Is Already In Progress

COMPRESSOR DIRECT COOLING WINE COOLER

Fast cooling
Your favorite wine can quickly enter cellaring mode

Strong cooling stability
Fearless even if the sun is scorching outside the window

5~22°C large refrigeration range
You will find the wines that can be put into the wine cabinet,
become more

Your time is valuable
More reliable quality, longer service life
Less time spent on troubles.

Compressor Cooling But Much Different

COMPRESSOR AIR-COOLING WINE COOLER

In the new era of air-cooling wine coolers
Say goodbye to the bad experience of frosty wine bottles

Wine cooler, wine rack, wine bottle all frost-free
Take great care of your wine

Different areas in the wine cabinet
Temperature difference less than 1.5°C
Treat each of your favorite wine bottle equally

By far the most advanced way of cooling wine cabinets
Let professional sommeliers, love to back home
