Dual Fuel -- Wood or Pellet

Fire Pit

Product Size: 380*360mm

Carton Size: 420*420*380mm

Loading Qty 20GP/40GP/40HQ: 420/840/980 pcs

Features

1. UPPER VENTS

The heated air comes out of the double wall to make the combustion more fully, which means little to no smoke

2. INNER POT

The inner pot allows continuous air supply, while allowing waste ash to fall into the ash tray. Fire wood can be burned more efficiently than traditional fire pits.

3. BOTTOM VENTS

The cold air enters from the bottom vents to provide sufficient oxygen to the fire and enters between the two layers to be heated for secondary combustion.

Food Grinder Attachment

Color box ; 235*160*175mm

Outer box (12pcs): 635*250*535mm

Features:

- *All metal design, fit for KitchenAid stand mixers perfectly!
- *Grinding meat and sausage flour: As a professional meat/food grinder, ground burgers, sausages and delicious food.
- *This food grinder attachment is easy to install and remove.
- *Easy to clean and use: the meat grinder is not dishwasher safe, all parts are removable, you can clean it very quickly with soap, warm water and the included cleaning brush.

Easy to Assemble Food Grinder Attachment

3 in 1 Pasta Maker

Color box ; 285*318*140mm

Outer box (6pcs): 590*335*435mm

3-in-1 Upgrade Design

This 3-in-1 Pasta Maker Attachment fits ALL KitchenAid Stand Mixer perfectly. Truly realized three functions in one-Pasta Sheet Roller/ Spaghetti Cutter/Fettuccine Cutter. Simply attach it to the power hub of any KitchenAid stand mixer. Roll the dough and cut the pasta into spaghetti Fettuccine, and lasagna at the same time, no need to change pasta attachment.
