- Power light indicator.

## TOASTER

- Specification: AC 220-240V 50-60Hz 730-870W or AC 120V 60Hz 750W
- Fit for 100 x 100mm bread
- High-lift function/Anti-jam function
- Self-centering function: Cancel/Reheat /Defrost functions
- Optional: Bagel
- 6 Browning settings
- Power-on indicator
- Slide-out crumb tray for easy cleaning
- Cord-storage base with slide-proof feet

- Specification: AC 220-240V 50-60Hz 730-870W or AC 120V 60Hz 750W
- 2-slice stainless steel toaster with touch control/Memory function of browning level
- Fit for 100 x 100mm bread
- High-lift function
- Anti-jam function
- Self-centering function: Cancel/Reheat /Defrost functions
- Optional: Bagel
- 6 Browning settings
- Slide-out crumb tray for easy cleaning
- Cord-storage base with slide-proof feet

- Volt: 220V-240V, 50/60Hz, 750-850W or 120V, 60Hz, 850W
- 2-slice pop up toaster
- Stainless Steel Cover with Anti-fingerprint Oil
- Wide slots for all kinds of bread
- Self-centering guide
- Cord storage
- Slide out crumb tray
- Internally installed grill (optional)
- Variable electronic timing control
- Anti-jam function
- 3 functions: stop, reheat, defrost

- Specification: AC 220-240V 50/60Hz 730-870W or AC 120V 60Hz 900W
- 2-slice toaster with cool-touch plastic housing
- Extra wide slot, fit for 120 x 120mm bread
- High-lift function
- Anti-jam function
- Self-centering function: Cancel/Reheat /Defrost functions
- Optional: Bagel
- 6 Browning settings
- Slide-out crumb tray for easy cleaning
- Cord-storage base with slide-proof feet
- Stainless steel ring at the bottom

- Anti-drip juice outlet;
- Juice cup(AS):800mL, pulp cup(AS):600mL;
- Accessories:1\*cleaning brush,1\*food tray,1\*pusher,1\*juice cup ,1\*pulp cup.

- Power: 200W
- Speed: 40-65RPM
- Large Mouth: diameter 108mm;
- Super powerful, able to juice celery and wheat grass smoothly without cutting it into pieces in advance;
- BPA free, PMMA auger and PCTG juicing bowl and chute, ABS housing;
- Super easy to assemble with feeding tube and filter integrated;
- Easy to clean with less parts;
- High Torque: 137N·m;
- Low noise: ≤72DB;
- Small hole to put inside ingredients without opening the lid;
- Juice yield: apple ≧78%, celery≧82%, ginger ≧82, perfect for wheat grass≧65% etc;
- Accessories: 1\*cleaning brush, 1\*pusher, 1\*juice cup, 1\*pulp cup;
- Juice cup(AS): 800mL,
- Pulp cup(AS): 700mL.

1.0L  
large capacity  
Super large  
mouth: 108mm

Super easy to  
assemble  
3 parts only!

## SLOW JUICER

- Power: 200W
- Speed: 40-65RPM
- Large Mouth: diameter 108mm;
- Super powerful, able to juice celery and wheat grass smoothly without cutting it into pieces in advance;

- Modern design with metal housing

- Volt:220~240V, 50Hz, 1150~1360W
- With pressure gauge and display
- The size is 5% smaller than similar products on the market, which saves more space
- Professional 20-Bar pressure pump
- Thermo-block instant heating system
- 58mm porta filter
- 3L detachable water tank
- Diecast aluminium porta filter
- With single/double cup function
- With milk frothing function
- Modern design with full metal housing

## COFFEE BEAN GRINDER

- Power: DC3.7V 1.5A 13W
- Rechargeable LI battery: 1500mAh
- Material of Housing: Plastic
- Product size: 7.5x7.5x18cm
- Portable, USB rechargeable;
- Max 25g one time;
- TYPE C with USB cord 1m
- Material of Grinding Core: Ceramic;
- Adjustable coarse to fine: 8 levels;
- Indicator light around on/off button;
- 1500mAh, Long lasting time.

- Power: DC3.7V 1.5A 13W
- Rechargeable LI battery: 1500mAh
- Material of Housing: Plastic
- Product size: 7x7x19.5cm
- Portable, USB rechargeable;
- Max 25g/time;
- TYPE C with USB CORD 1m
- Material of Grinding Core: ceramic;
- Adjustable coarse to fine: 8 levels;
- 360 degree ambient lights;
- 1500mAh, Long Battery life.

- Power: DC3.7V 1.5A 13W
- Rechargeable LI battery: 1250mAh
- Material of Housing: Stainless steel with or without stoving varnish
- Product size: 7.5x7.5x18cm
- Portable, USB rechargeable;
- Max 25g one time;
- TYPE C with USB cord 1m
- Material of Grinding Core: Ceramic;
- Adjustable coarse to fine: 8 levels;
- 360 degree indicator light at the top;
- 1250mAh, Long lasting time.

- Power: DC7.4V 3A 25W
- Rechargeable LI battery: 800mAh\*2
- Material of Housing: Stainless steel with or without stoving varnish
- Product size: 7.5x7.5x18cm
- Portable, USB rechargeable;
- Max 25g one time;
- TYPE C with USB cord 1m
- Material of Grinding Core: Stainless Steel;
- Adjustable coarse to fine: 12 levels;
- 360 degree indicator light at the top;
- 800mAh\*2, Long lasting time.

## COFFEE BEAN GRINDER

- Power: 150W
- Material of Housing: Plastic
- Product size: 9.7x9.7x19.7cm
- Grinder for coffee beans, nuts and spices;
- Bean Capacity: Max 50g/time;
- Adjustable working time(coarse to fine): 6-22s
- Stainless Steel flat blade grinding system;
- Safe switch when lid is not installed;
- Portable;
- Transparent window;
- Classic concise type.

- Power: 200W
- Speed: 30000r/min
- Material of Housing: Stainless steel+ Plastic
- Product size: 9.5x9.5x19.5cm
- Grinder for coffee beans, nuts and spices;
- Big Bean Capacity: Max 80g/time;
- Adjustable working time(coarse to fine): 6-22s
- Stainless Steel flat blade grinding system;
- Safe switch when lid is not installed;
- Portable;
- Transparent window;
- Classic concise type.

- Power: 150W
- Material of Housing: Plastic
- Product size: 9\*9\*16.2cm
- Grinder for coffee beans, nuts and spices;
- Bean Capacity: Max 50g/time;
- Adjustable working time(coarse to fine): 6-22s
- Stainless Steel flat blade grinding system;
- Safe switch when lid is not installed;
- Portable;
- Transparent window;
- Classic concise type.

## SMART AUTO-CLEAN NUT MILK MAKER

- Capacity: instant hot water dispenser: 4L, high speed blender: 1.2L
- Power: high speed blender 1200W, instant hot water dispenser: 2000W
- High speed blender+instant hot water dispenser 2 in 1.
- Spraying housing.
- Hall motor
- 8-leaf blade
- One-touch preset programs: Almond Milk, Oat Milk, Soy Milk, Cashew Milk, Macadamia Milk, Coconut Milk.
- Customizable flavors: Vanilla, Chocolate, Strawberry, and more!
- Pre-schedule function: Schedule your machine to prepare your drink up to 12 hours ahead. Whether you plan to start your morning with a refreshing drink or you want your beverage to be ready just in time for dinner, the scheduling function helps keep your day moving.
- Convenient: No prep work or clean up needed / Auto-clean function / Delay-start option
- Health and Benefits: Pressurized steam, heat and blend technology to eliminate the enzyme inhibitors in raw ingredients that ensure the milk is safe to consume. Rich in vitamins, minerals, fiber and protein. Naturally lactose free.
- Optional function: wall breaking machine function + tea drinking machine function, capacity and temperature clearly adjustable.

### Six ways to lower noise

12 hours Delay Start

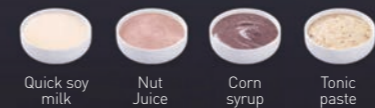

300ml-1200ml adjustable

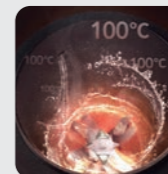

Heat up in 3 seconds

Power blender  
Multi function

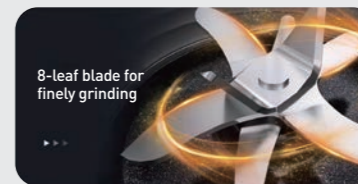

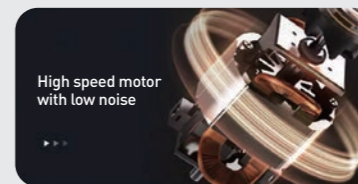

Blewing tea  
or coffee function

High temperature drying to remove bacteria

Inner jar with 2 columns for completely grinding

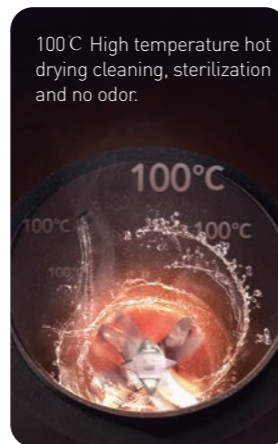

## SMART AUTO-CLEAN NUT MILK MAKER

- Capacity: 650mL;
- Spraying housing;
- 4-leaf blade;
- One-touch preset programs: Almond Milk, Oat Milk, Soy Milk, Cashew Milk, Macadamia Milk, Coconut Milk;
- Customizable flavors: Vanilla, Chocolate, Strawberry, and more!
- Pre-schedule function: Schedule your machine to prepare your drink up to 12 hours ahead. Whether you plan to start your morning with a refreshing drink or you want your beverage to be ready just in time for dinner, the scheduling function helps keep your day moving;
